# MACROMAX<sup>®</sup>

**As the MACROMAX Family, we are introducing our products developed with great diligence and are ready to make you proud of the sanitation of your quarters of life and work.**

We attach great importance to the reasons for sanitation along with the methods of sanitation and thus manage our business processes accordingly. This is because we believe every individual has the right to live in a clean home and work environment.

We aim to make cleaning your home and work quarters easier with our practical and innovative products, allowing you to spend more time for yourself and your loved ones.

We aim to both tackle all dimensions of cleaning issues and also produce sparkling results. You will have a much more enjoyable time with our carefully developed scented products giving each corner cleaned a pleasant fragrance.

We always take the realities of the changing world into consideration while identifying your requirements by means of our innovative characteristics in the cleaning and home care products category. We will never give up our passion for creating blissful and sanitary spaces.

We are committed to continue producing our higher quality, more competitive and more innovative products for you in the future on the path we set out with our motto of "More...".

#### **Our Mission**

Producing quality, accessible, environmentally friendly and innovative products and providing sustainable value for our employees, business partners and consumers who share our enthusiasm for this brand.

#### **Our Vision**

Facilitating the lives of our consumers by developing innovative and quality products in the sanitation, hygiene and home care categories, and rendering the Macromax a global and perpetually preferred leading brand.
